

# Sustainable Chemistry, Materials, and Resources for the City of the 2050s

Symposium CT.2 at the 47<sup>th</sup> IUPAC World Chemistry Congress  
July 7 - 12<sup>th</sup>, 2019 • Paris, France

## Call for Abstracts

BASF invites all scientists, researchers, and engineers involved in the field of sustainable chemistry and materials to submit proposals for oral presentations and posters.

**Deadline: March 1<sup>st</sup>, 2019**

**Join us at the lectures in session CT.2.1**

**Professor Steven Chu**

University of Stanford, Nobel Prize in Physics,  
former U.S. Secretary of Energy to President Barack Obama

**Dr. Jonathan Cullen**

University of Cambridge – Energy, transport, and urban infrastructure

**Professor Marc Hillmyer**

University of Minnesota – Sustainable polymers and  
hybrid macromolecular structure

Please submit abstracts under  
Theme: *Chemistry Across the Themes*  
Symposia: *Sustainable Chemistry, Materials and Resources for the City of the 2050s*
