

National Technology Platforms

—

At the heart of European Chemistry

***Balance between Research
and Innovation:
Competitiveness and High
Quality Jobs for Europe.***

SUSCHEM^{BE}

*Supporting innovation
ecosystems leads to impact.*

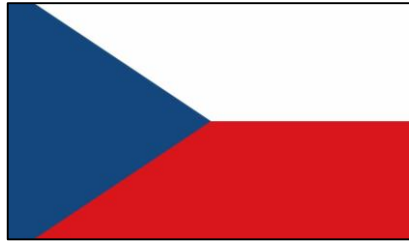

SUSCHEM^{NL}

*Innovating in Europe:
collaboration is the vital issue.*

SUSCHEM^{AT}

*The Austrian innovation hub –
a driver of SusChem in FP9 by
coordinating R&D along the
entire value chain*

SUSCHEM^{cz}

***Knowledge, innovation,
competitiveness***

SUSCHEM^{DE}

*Cross-sectorial
collaboration brings
innovation
to the next level.*

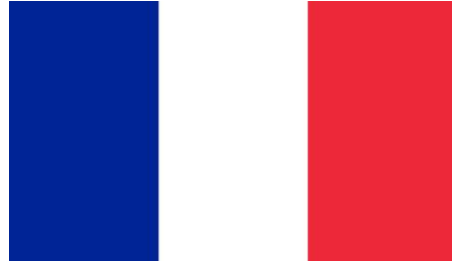

SUSCHEM^{GR}

Innovate for a positive societal impact respecting bio-diversities and regional ecosystems.

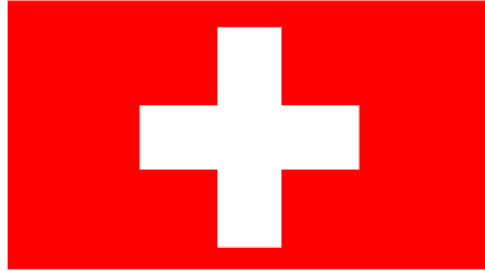

SUSCHEM^{SI}

*Increased support for
research and innovation in
the new member states
benefits also the old ones.*

SUSCHEM^{FR}

*Help us to industrialize
innovation in Europe.*

SUSCHEM^{CH}

*Generate value from
waste.*

SUSCHEM^{UK}

***FP9 - A programme that is
inclusive, collaborative and
open to the world.***
