Submit Project Ideas

To **submit project ideas for Horizon 2020-2019 calls**, we invite you to go to our **GRANT-IT** portal at www.grant-it.eu and select "**Propose a Project**" from the top menu.

GRANT-IT is your one-stop access to funding opportunities from the European Commission and select Regional and National governments in the field of sustainable chemistry. SusChem members can use its resources to identify project opportunities, propose project ideas and search for potential project partners.

By submitting your project ideas it will be made available to the SusChem community and allow interested partners to contact you for a meeting request when the brokerage **speed-dating tool** is open.

STEPS TO PICTH PROJECT IDEAS:

1. Register & confirm Pitch interest,
2. Propose a project idea on Grant-it,
3. SusChem team will review your submission and, if selected, it will be uploaded for the community, *
4. Explore other project ideas submitted and connect with others before the event itself.

More information on the **speed-dating tool** will be available soon.

* If your project idea is not accepted, SusChem will inform you.
